

Works notice: Thursday 20 June 2024 Church Street road closure and detour in place

From Thursday 20 June 2024 there will be a complete road closure on Church Street from Carillon Avenue intersection through to Grose Street for approximately four weeks.

Vehicle access to Church Street and Grose Street will be via Hospital Road and Lucas Street or Mallett Street and Fowler Street. Pedestrian access will be maintained but adjusted at times. Due to insufficient space for a turning circle there will be no street parking available in the closed area. Traffic controllers will be on site to help you navigate the space and will provide residents access to driveways when required.

Work hours will be from 7am to 5pm weekdays and there may be some noise and dust from construction activities during this time. All noisy works will be completed in intervals of work and respite, and there will be noise and dust monitors installed to help minimise impacts where possible.

To minimise construction impacts, this package of works will be done in stages. Stage 2 will require a road closure further down Church Street between Fowler Street and Grose St. We will provide an update and communicate the dates for Stage 2 when they are confirmed.

Key impacts

- Full road closure on small section of Church Street. No access to Church Street via Carillon Avenue.
- Access to Church Street and Grose Street via Hospital Road and Lucas Street or Mallett Street and Fowler Lane.
- No parking on small section of Church Street.

Temporary helicopter landing site

These works are part of the construction of the temporary helicopter landing site, which will take a period of 12 months to complete. Once complete, the temporary helicopter landing site will be in use for a period of approximately 24 months. Learn more in the [Fact Sheet](#) and [FAQs](#) on the [project website](#).
