

Construction Communications January 2024

The NSW Government's \$940 million investment in the redevelopment of Royal Prince Alfred Hospital will be the biggest transformation of RPA in the hospital's 140-year history of caring for the community.

Key construction activities this month include the eastern campus site establishment on Lambie Dew Drive and preparing for the temporary helicopter landing site near Grose Street. Current work will be between the standard work hours of 7am to 5pm.

Upcoming activities			
Works	Date	Location	Impact
One-lane road closure WORKS NOTICE	Commencing 10 January	Johns Hopkins Drive	<ul style="list-style-type: none"> One-lane road closure on corner of Johns Hopkins Drive and Lambie Dew Drive Traffic control in place on Lambie Dew Drive Traffic control in place on Gloucester House Drive

Construction activity 2024

The main works contract for the RPA Redevelopment is expected to be awarded in early 2024. Once the successful contractor has been awarded, construction activity will significantly increase across the campus. We will continue to keep you informed about the exciting works occurring and look forward to continuing to build the future of RPA Hospital.

Minimising construction impacts

The health and safety of staff and the local community is our main priority. We have detailed site safety and environmental procedures in place to minimise the impact of our works and keep construction noise, dust and vibration to a minimum. Please note the timing of works are subject to change and we will continue to keep you informed as works progress. Thank you for your patience as we build the future of RPA Hospital.

Stay up to date on the redevelopment by [subscribing](#) to our project updates. Visit the project website rparedevelopment.health.nsw.gov.au for more information. Email RPARedevelopment@health.nsw.gov.au or phone (02) 9978 5901 with any questions.
