

Works notice: Wednesday 6 November 2024 Northern entrance internal construction site establishment

From Wednesday 6 November 2024, stair 5 - the stairwell connecting to the former Women and Babies reception area on Level 3 of the northern entrance - will be closed across all levels.

Stair 5 will be removed and converted into the new lifts as part of the hospital expansion.

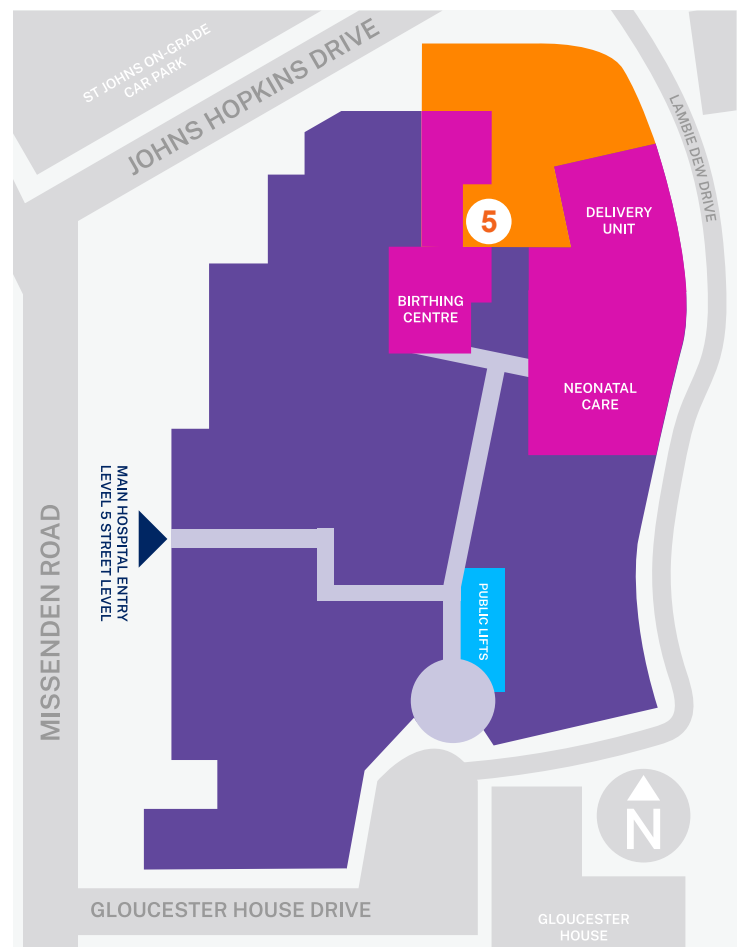

Construction hoarding will be installed to separate clinical areas from the construction site and there will be signage in place to help people navigate around the works.

Construction material will be moved through the hospital building via an agreed pathway throughout the redevelopment and you may notice an increase of construction workers in this area.

There may be noise, dust and vibrations from the ongoing works and we will continue to work with staff to minimise the impacts where possible.

Key impacts:

- Stairwell 5 permanently closed
- Signage and construction hoarding in place
- Construction workers and materials moved through hospital building via agreed travel path
- Possible noise, dust and vibrations

LEGEND

- ▲ Entrance
- Public lifts
- Northern entrance construction
- Ⓟ Stair 5 demolition

More information

The health, safety and well-being of staff, patients, neighbours and community are our highest priorities. For any queries relating to this work, please contact the RPA Hospital Redevelopment Team via email RPAredemption@health.nsw.gov.au or phone (02) 9978 5901.
