

Works notice: Monday 26 August 2024 Staff and visitor car park Level 5B closed

From Monday 26 August 2024, Level 5B of the staff and visitor car park located on Hospital Road will be closed to finalise works on the temporary helicopter landing site (HLS). The closure will be in place for the entire period the landing site is in use.

To maximise car spaces, access to the car park will be maintained however there will be an additional temporary loss of car spaces across all levels.

To prepare the car park for the temporary helicopter landing site, works include the construction of two patient transfer lifts, enclosed lobby spaces, and two ambulance car parking bays on Grose Street.

Helicopter landing site temporary relocation

The RPA Hospital helicopter landing site is temporarily relocating to Level 5B of the staff and visitor car park and is expected to be operational from late 2024 for approximately 24 months.

This car park will continue to be impacted by the construction and future operation of the temporary helicopter landing site. It is recommended to use alternative travel and parking arrangements where possible.

Find out more about the relocation of the helicopter landing site in the [Fact Sheet](#) and [FAQs](#) on the [project website](#).

More information

The health, safety and wellbeing of staff, patients, neighbours and community is our highest priority. For any queries relating to this work, please contact the RPA Redevelopment Team.
