

Works notice: Friday 12 July 2024

Church Street road closure and detour in place

Stage 2 works on Church Street are expected to commence on Friday 12 July for approximately three weeks following the completion of Stage 1 works. These works will require a complete road closure of Church Street between Grose Street and Fowler Lane.

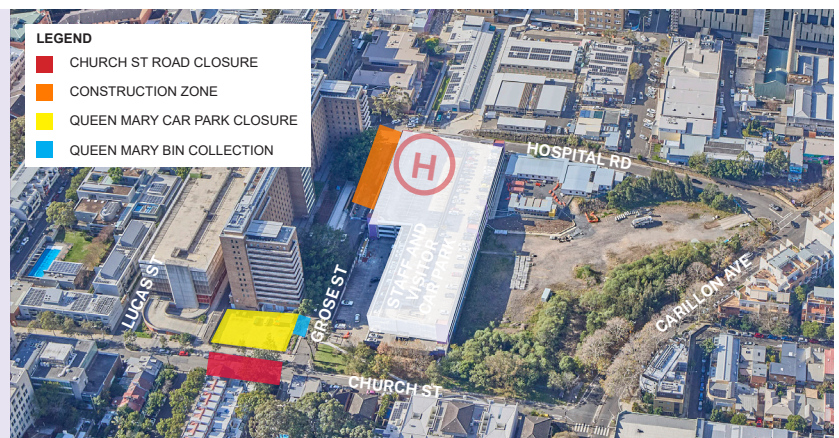

Access to the Queen Mary car park off Church Street will be closed for the duration of works. The Queen Mary bin collection will be temporarily located on Grose Street. Access the bin collection point by turning right onto Church Street from Carillon Avenue intersection and then take the first right onto Grose Street.

There will be no street parking available in the closed area. Traffic controllers will be on site to help you navigate the space. Work hours will be from 7am to 5pm weekdays and 7am to 1pm on weekends.

There may be some noise and dust from construction activities during this time. All noisy works will be completed in intervals of work and respite, and there will be noise and dust monitors installed to help minimise impacts where possible.

Key impacts

- Full road closure on Church Street between Grose Street and Fowler Lane
- No access to Queen Mary car park off Church Street
- Queen Mary bin collection temporarily moved to Grose Street
- Loss of parking on small section of Church Street
- Possible intermittent noise and dust

Temporary helicopter landing site

These works are part of the construction of the temporary helicopter landing site, which is expected to be completed in October 2024. Once complete, the temporary helicopter landing site will be in use for a period of approximately 24 months. Learn more in the [Fact Sheet](#) and [FAQs](#) on the [project website](#).

More information

The health, safety and well-being of staff, patients, neighbours and community are our highest priorities. For any queries relating to this work, please contact the RPA Hospital Redevelopment Team via email RPAredvelopment@health.nsw.gov.au or phone (02) 9978 5901.
