

Works notice: Saturday 6 May 2023

Demolition and paving works

Enabling Works - Stage 2 Gloucester House Drive

The enabling works near Gloucester House Drive are continuing to progress, helping prepare the site for main works to commence on the redevelopment of RPA Hospital.

From 7am on **Saturday 6 May**, an exclusion zone will be extended to include half of the entrance area to Gloucester House. Demolition works will then begin to remove existing paving to allow for the new pavers to be laid over the coming weeks.

Signage will be in place to redirect pedestrians during these works.

A reminder:

While our builders continue to work on a range of civil and paving upgrades, including enhancing access to the campus for large construction vehicles, staff, patients and visitors are advised to please note the following changes:

Best access to The Perioperative Unit, ICU and Gloucester House

A small drop-off zone has been maintained on Gloucester House Drive. Due to limited bays and expected congestion during peak times, **patients and visitors are advised to use the Level 5 Missenden Road drop-off zone and enter via the main hospital foyer when possible.**

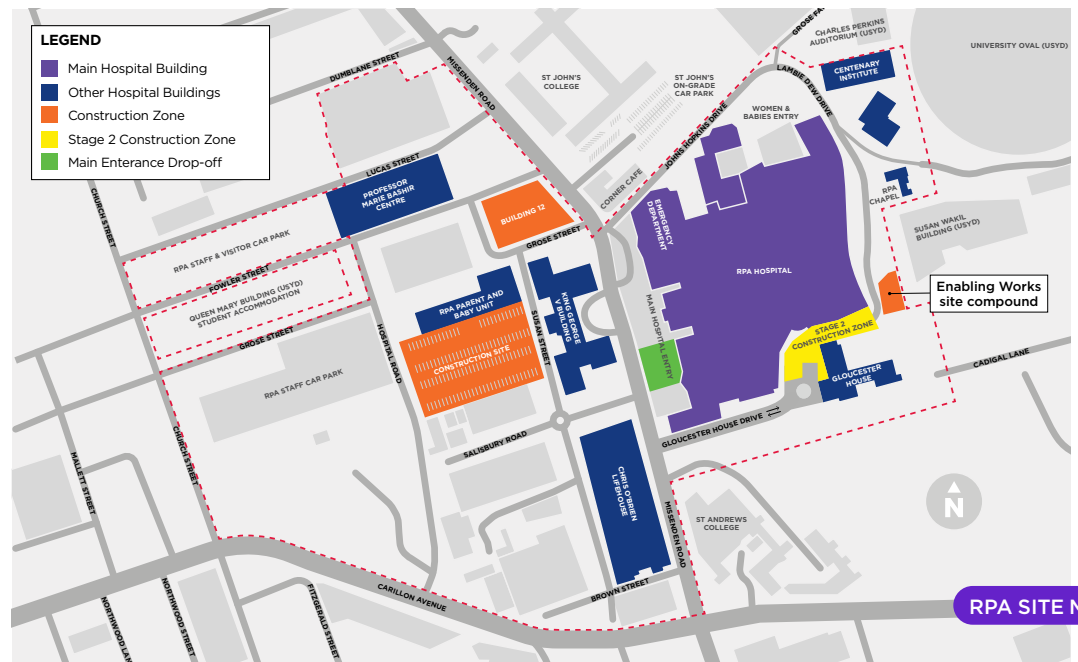

The health, safety and well-being of staff, patients, neighbours and community is our highest priority. For any queries relating to this work, please contact the RPA Redevelopment Team on phone: **(02) 9515 4685** or email: **SLHD-RPAREdevelopment@health.nsw.gov.au**

We're excited to work with you in bringing the future of healthcare to RPA and we thank you for your patience and cooperation while we build your new hospital.

The RPA Hospital Redevelopment Team.

The **Level 4 Gloucester House** link bridge between the main hospital building and Gloucester House **remains closed**. Access between the main hospital and Gloucester House is via Level 5 link bridge.

Gloucester Drive is now a two-way street, and the through road to **Lambie Dew Drive is closed**, with limited Patient drop-off and pick-up available outside Gloucester House entrance.

How can I contact the project team?

If you have any questions or would like more information please contact our project team at the details below.
